THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRY (SHRIMATI KRISHNA SAHI): (a) and (b) National Bicycle Corporation of India Ltd. (NBCIL), being a loss making company was referred to BIFR. As the IDBI)Operating Agency) appointed by BIFR concluded in its report that NBCIL is not economically viable company, BIFR in its last hearing heald on 20th December 1993 came to the conclusion that it is just and equitable that the company be wound up. The Government have also decided not to contest the decision of BIFR. The BIFR has since communicated its opinion to the Hon'ble High Court at Bombay.

THE MINISTER OR STATE IN THE MINISTRY OF INDUSTRY (SHRIMATI KRISHNA SAHI): (a) and (b) According to a limited study on selected auto parts conducted by the National Council of Applied Economic Research, the sale of spurious auto parts in the Northern states served by the Delhi Market during the year 1991-92 was estimated at Rs. 435.81 crores against the total sale o auto parts of around 1032.10 crores. Difficulties faced by small sector

1446. SHRI KRISHAN LAL SHARMA: Will the PRIME MINISTER be pleased to state:

(a) whether it is a fact that the small sector contributes over 40 cent of the national industrial production of the country at present;

(b) whether it is also a fact that small sector suffers from a number of handicaps like difficulties in getting loans from State Finance Corporation, lack of coordination between S.F.S. and banks restrictions on their visits abroad etc.; and

(c) if so, the steps Government propose to take to remove these handicaps?

THE MINISTER OF STATE IN THE MINISTRY OF INDUTRY (SHRI M. ARUNACHALAM): (a) The contribution of small scale sector in the National Industrial Production was 39.46 per cent during the year 1992-93.

(b) and (c) In general, the small scale sector has been complaining about inadequate credit availability from fiacial institutions|banks. Based on the recommendations of the Nayak Committee set up for looking into the problems of credit availability to the small scale sector, the Reserve Bank of India has issued guidelines to the banks for augmenting the availabillty of credit to the small scale sector.

SSI's often also complain about the lack of coordination between SFC's and Banks. A study conducted by RBI had revealed that compliance by banks was deficient and therefore, RBI has instructed banks to ensure full coordination.

There is no restriction on visits abroad by the entrepreneurs of SSI's as they are treated at par with the businessmen and the authority to release the exchange for travel has been delegated to authorised dealers. The rules have been made very simple under the liberalised exchange control rules.
